

## MAY FESTIVAL BIG EVENT AT STATE COLLEGE

Young Ladies, Demonstrate Classic Dances on Lawn; Beautiful Spectacle Presented to Large Crowd.

(SPECIAL DISPATCH TO MORNING JOURNAL.)  
State College, N. M., May 23.—The May festival on the McPhee hall lawn Monday evening proved to be one of the biggest events of commencement week. Twenty-four young ladies, the members of the C. W. Russell's symposium class, demonstrated various classic dances representative of the different nations of the world, and greatly pleased the exceptionally large audience which gathered to witness the event. The performance consisted of a combination of light, dancing and spirited music.

The training for the dances was under the direction of Coach Russell and the process through which it went has been a long one. Two standards containing a string of various colored lights, together with a large electric light, gave just enough light to illuminate the lawn.

Miss Edna Lou Walton of the music department had full charge of the music and spent much time in securing suitable music for the occasion. The costumes added greatly to the different dances. They were made in the domestic science department under the direction of Miss Helen Thind. The program was an interesting one.

The first number and one of the best was a flag drill led by Misses Dorothy Wharton and Dorothy Robinson. This dance featured the jumping jacks, which added greatly to the interest of the dance. The Irish jig, the butterfly dance and the Espanola were all executed by small groups of the class. Miss Ruth Phelps, one of the seniors, was especially good in the solo dancing of the butterfly dance. The program was ended with a May-pole dance by the entire group.

### Certificates Granted.

Dr. S. B. Neff, principal of the preparatory department, awarded twenty certificates to the members of the preparatory graduating class at the exercises held in Hadley hall Tuesday evening. The exercises consisted of a very short program, followed by a comedy drama in four acts, "The Strange Entanglement."

Miss Alva Nichols of Tulsa was honor valedictorian, reading a short essay. She was awarded a gold medal by the president of the class, Miss Dorothy Wharton of Douglas, Ark. Music was furnished by Misses Ruth Livesey and Henry Hagerton. The play was a grand success in every sense of the word. Miss Dorothy Wharton, playing the part of Lord Rathbone, and Miss Bernice Orme, playing the part of Robina, carried the stellar roles. The other members of the cast did excellent work also.

The following were the members of the graduating class: Grace Clark, Las Cruces; Lela Cox, Hagerman; Walter Foster, Deming; Dorothy Goodell, Santa Fe; Lucille Gillett, Las Cruces; Mary Hagerty, State College; Edwin Linch, Chihuahua, Mexico; Ruth Livesey, Anthony; Ian Macfarlane, Magdalena; Hugh Miller, Albuquerque; Alva Nichols, Tulsa; Bernice Orme, Mountainair; Edna Phelps, State College; Florence Quesenberry, Las Cruces; John Roberts, Mesilla Park; Dorothy Wharton, Douglas, Ark.; and Richard Worcester, Chihuahua, Mexico.

Walter Hill, Mesilla Park, was awarded his certificate at previous special exercises preparatory to his leaving for Columbia with Company D of the national guard.

It is possible to have smooth hands even if one is a housekeeper and dishwasher. Dissolve a spoonful of tragacanth which can be obtained from any drugstore for a very small sum, in three times as much water. Let it stand in a covered cup for twelve hours. Fill the cup with water, and apply the thin jelly which has formed freely to your hands after each washing.

### To Clean White Spots.

Take a basin of warm water and white soap, wash well and rinse, but don't wring out. Hang up perfectly wet over night and in the morning they will be smooth and ready to wear.

## MODERN MARINE DANGERS DETER MANY RISK MEN

Several Big Groups of Underwriters at Lloyd's Dropping Out; War Perils Not Only Cause.

(Associated Press Correspondence.)  
London, May 15.—Several of the bigger groups of underwriters have dropped out of business at Lloyd's recently, both to stand the speculation, uncertainty, and "trickery" of the modern day underwriters of ships and cargoes.

"You would think, I suppose," said one of the old-timers, "that it is the war risks that are bothering us, but ordinary sea risks are quite as great a factor now. Ship crews are not so good. The best sailors are with the navy. Then navigation is more complex. Lights and buoys are fewer. Ships, moreover, are being used now often in trades for which they are not built on routes for which they are not fitted."

"We have stopped ring the Latine bell (the old ship's bell at Lloyd's formerly rung to announce casualties and overdue ships' arrivals) when a casualty is reported, and only ring it now for overdue ships. I suppose the ringing of casualties becomes monotonous."

"How do the underwriters take it?" my boy. Most of the underwriters have about as much range of facial expression to signal a loss as an old sailing ship's figurehead. They never budge. If their feet get cold inside their boots no one knows it.

"Planes?" Oh, yes! We have plumes sometimes as well as losses. Last week there was a little schooner from Brazil, I think, much overdue. Thinking of recent weather and things, I took a risk on her for fifteen per cent premium, standing to lose five per cent if she never turned up. And the little creature, bless her, turned up safe and good."

Two times on the Latine bell sounded. "There's an overdue arrived," he said, hurrying away. "Someone else is in luck."

## 700,000 JEWS IN EASTERN EUROPE ARE IN DIRE WANT

Hebrew Relief Association Issues Report Showing Distressing Conditions in Poland, Lithuania and Courland

(Associated Press Correspondence.)  
Berlin, May 16.—Of the normal total of about 2,450,000 Jews in Poland, Lithuania and Courland, some 1,700,000 still remain, and of this number about 700,000 are in urgent and continuous want. About 450,000 of these are in Poland and 50,000 of this number are persons who are without homes and in particularly distressed circumstances.

The number of the needy is increasing from month to month. Opportunities to earn money are few, and thousands who are still living on their savings will sooner or later find these exhausted and become dependent on charity.

These estimates appear in the annual report of the German Hebrew Relief association, which has taken upon itself the work of relieving its co-religionists in the occupied districts back of the battle line in Russia and Galicia. The sum of 500,000 marks monthly is required to alleviate the distress of the most needy—those of the 700,000 sufferers, and even this sum, which is all that the relief association can devote to the work for the next few months, can be little more than keep them from actual starvation.

With this sum 225 cities and villages in the occupied districts are being assisted. Ninety relief kitchens are in operation, with twenty-five tea halls and numerous other relief institutions. About 750 tons of clothing, bedding and footwear have been sent to the stricken districts. The grand lodge of the B'nai B'rith in Germany has had a large share in the relief work, and more than a half million marks has thus far been received from America. Up to date nearly 2,250,000 marks have been paid out by the Hebrew Relief association for Poland and Lithuania. Funds available have not been sufficient to afford relief to some 10,000 Jews in Courland, where the distress, moreover, is not so great as in the other districts.

These activities, however, have formed but a part of the work of the relief association. Quite as important and even more arduous has been its work as an intermediary between the residents of the occupied districts and the outside world. In this department no denominational distinctions were made, Jews and Catholics alike being aided. Chief advantage was taken of this work by relatives and friends in America of the Polish sufferers. The relief association found its work increasing so rapidly, as the news became known in America that it was possible to communicate with Poland through the association, that it is now compelled to employ a force of about fifty persons to expedite letters and funds. About eight million marks has thus far been received from America for direct transmission, and the relief association handles as many as 100,000 letters monthly from and to America. This must all be copied in the association's offices, to make any system of secret communication impossible.

The various relief funds are distributed with the aid of the military authorities. The American embassies and consulates have also done their full share in assisting in carrying the work on.

A slight alleviation of conditions may come from the recently secured permission of emigration from the occupied districts. Many families have already availed themselves of the permission, most of them going with tickets sent from America.

The Hebrew association, despite the new demands made on it, has maintained and even increased its work in Palestine. It supports two kindergartens, a school for girls, a commercial school and other educational institutions at Jerusalem. Besides a Hebrew and home for girls, it also maintains a boys' and a girls' school and a kindergarten at Jaffa, and various institutions in Turkey.
